Title : Full course name

Grade : Final letter grade

Credit : Number of credits assigned to the course

G-Pts (Grade Points) : Grade Points earned at each course are determined by multiplying course credits by the appropriate point value. Grade Points are only calculated for credit courses.

For example a C equals a 2.00 point value. To calculate G-Pts, multiply the 2.00 point value by the number of course credits.

A-Crds (Attempted Credits) : Attempted Credits include the total number of course credits taken excluding dropped courses.

E-Crds (Earned Credits) : Earned Credits include the total number of course credits successfully completed.

GP-Crds (Grade Point Credit) : Grade Point Credits represent the number of credits that are calculated into the GPA. This includes all for credit courses except Pass/Fail courses.

GPA (Grade Point Average) : Grade Point Average is calculated by dividing the G-Pts by the GP-Crds (G-Pts / GP-Crds).

Academic Calendar and Enrollment Terms:

The academic year consists of five terms. Each ten weeks in length. All courses taken at the University are listed under the term in which they were taken.
